Your inquiry regarding EC 1907/2006 (REACH) regulation

01.02.2021

Dear Ladies and Gentlemen,

The above mentioned regulation was published in the Official Journal of the European Union on December 18, 2006 and became effective as of June 1, 2007. The aim of the regulation is to safeguard a high level of protection for the human health and the environment and ensure the free movement of substances, preparations and products. The inclusion of new SVHC (Substance of Very High Concern) in the candidate list takes place usually twice a year. The statements of our company hence refer to the respective candidate list.

As a certified manufacturer of ATEX products, we consider ourselves as having a particular responsibility for the occupational safety and the protection of health of your employees as well as ours. Therefore, we gladly comply with our obligation to provide information on SVHC substances.

The following substances may be contained in some of the component parts and accessories (that are manufactured from alloys such as brass, copper or aluminum, lubricants, sensors, being in particular) and thus also in our products at a level of more than 0.1 percent by weight.

Area of use	Description of substance	CAS-Number	EC-Number
Alloys of copper, brass, aluminum	Lead	7439-92-1	231-100-4
Lubricants and seals	Octamethylcyclotetrasiloxane	556-67-2	209-136-7
	Dodecamethylcyclohexasiloxane	540-97-6	208-762-8
	Decamethylcyclopentasiloxane	541-02-6	208-764-9
	Nonylphenol, branched, ethoxylated	68412-54-4	500-209-1
	1-Methyl-2-pyrrolidone (NMP)	872-50-4	212-828-1

	2-ethylhexyl 10-ethyl-4,4-dioctyl-7-oxo-8-oxa-3,5-dithia-4-stannatetradecanoate (DOTE)	15571-58-1	239-622-4

We have issued this declaration of conformity based on our current knowledge and the information provided from our suppliers and we are already in close contact with our suppliers about their SCIP numbers as well as SVHC substances of which have received many already. As soon as we have gathered all the necessary information, we will apply for our own SCIP numbers. We hope for your kind understanding, that due to our numerous products and suppliers this may still take some time.

Therefore, we refrain from filling in specific forms and kindly ask you to take this declaration as our response to your inquiry.

Should you require more detailed information we will be at your disposal for your further inquiries.

Yours faithfully
 EUROTEC Antriebszubehör GmbH

 Melissa Berge
